eye talk

Q. Why were my new glasses more expensive than my husband's?

A. Everyone's eyes are different. Some of us need more complicated prescriptions that may cost more.

Your optometrist can tell you if that is the case with you. If your vision requires it, you will have to live with a higher basic cost for your glasses but you can often save on options.

Costs are higher for designer frames or lenses that are large; plastic and tinted lenses; or special designs such as "invisible bifocals" or light-sensitive lenses.

Some options are worth the cost in terms of both fashion and ease of seeing.

Discuss the options with your optometrist after your vision examination. It will help in selecting glasses that fall within your budget and meet your needs and wants.

Scallop Aquaculture Program

MATTAPOISETT SELECTMEN'S MEETING
SEPTEMBER 25, 1990-by VIRGINIA MORGAN

Six months after Rod Taylor, owner of Taylor Seafood, was granted an aquaculture license to grow shellfish in Mattapoisett waters, the company has finally been given the go-ahead by the U.S. Army Corps of Engineers to start the project. Mr. Taylor met with Selectmen last Tuesday to finalize the arrangements and to pay the $2,500 license fee for one year of a 7½ year license.

Mr. Taylor first met with Selectmen last spring with two public hearings on the location of the aquaculture program and the manner in which it would be conducted. Thos attending the hearings had no problem with the program but did disagree with the original section of water Mr. Taylor selected. The final area chosen comprised southwest of Mattapoisett Neck and Ram Island. Mr. Taylor will grow scallops by means of racks, rafts or floats in the water column above the land under the coastal waters of the Commonwealth below the line of extreme low water. Because of the area proposed, Mr. Taylor had to receive the approval of the Corps of Engineers.

With the approval in hand Mr. Taylor asked for and received permission from the Selectmen to begin the program next April, as this fall is too late. He also asked that the effective date on his license be made April 15, 1991. He estimated it would be September 1992 before the seedlings will be ready for harvest.

The selectmen agreed on the date change and will review the new wording after Mr. Taylor's attorney has made the date modifi-

cations.

When the license was granted on May 30, 1990, Mr. Taylor made a companion agreement to further promote goodwill between the town and his business by donating about 100,000 scallop seeds annually to the town during each year in which the license is in effect and such site is in full production.

Although there will be no production at the Mattapoisett site this year, Mr. Taylor agreed to donate 100,000 scallop seeds to the town because his aquaculture site in Fairhaven has yielded such a large count this year. He said this would be an act of good faith and in appreciation for the town granting him the license. "The red tape at the state and federal level took longer than I had hoped", Mr. Taylor said.

Shellfish Constable Brian Nunes was also present at the meeting last Tuesday. He explained, "This is great news and will enhance the fishery in the area. We will be planting the 100,000 seeds next week in an area yet to be decided."

In other business:

RECEIVED BIDS on the boat and motor for use by the harbormaster/wharf commissioner, but will postpone action until Selectman Daniel O. Mahoney, who was absent Tuesday, is present at next week's meeting.

This request is going to all cities and towns throughout eastern and central Massachusetts. There will be a total of 10 million cubic yards for the entire project.

WILL REFER to Special Town Counsel Thomas Crotty a request from SEMASS that the town has failed to pay the "Acid Gas Control Cost" of $2,716.15. The town has paid its agreed upon amount of $3,641.76 as its "Base Acceptance Fee". The town is in the process of taking the added request for fees to court in conjunction with several other towns, who are protesting the added costs.

NOTED Fire Chief Donald C. Wood and Frank Suzan attended a three-day seminar at Barnstable School conducted by OSHA, the federal government agency concerned with occupational hazards, on the subject of Liquid Propane fires.

At this time, Selectmen noted, this is of particular interest because of the large L.P. gas tank Dennis Mahoney and Sons, Inc. plan to install on its grounds at the Industrial Park. Mr. Suzan is associated with the Mahoney company.

hall. I believe the contractor should have put up a sign with floodlights to identify it at night." Also, he said he didn't feel the landscaping and lawn was in very good condition. In fact, it's a lousy job, Mr. Gingras added.

Selectman Bernard F. Talty said there is money in the contingency fund from the construction of the station. Selectmen Chairman John DeCosta and Mr. Talty agreed something should be done, especially with the lawn and felt the funds could come from the fund. Mr. DeCosta said the grass seeding was part of the construction but was done at the wrong time of year.

Bradley met with Selectmen last Tuesday to help kick off Fire Prevention week, October 7-13.

Selectmen Chairman John N. DeCosta, in thanking the fire department for its good work and quick responses and for the cleanliness of the fire station, read the Proclamation with its theme this year - "Make Your Place Firesafe: Hunt for Home Hazards".

"The latest fire death figures show that nearly 5,000 people died in home fires in the United States in 1988; and eighty percent of all fire fatalities in the United States occur in homes; and changing risky behaviors and identifying and removing home fire hazards would prevent the majority of home fire fatalities; and hunting for home hazards is something every member of the family can do; and a home fire escape plan showing two ways out of each room and knowledge of basic fire safety behavior such as crawl low under smoke and stop, drop and roll can save lives; and the Mattapoisett Fire Department and the fire service of this Commonwealth are dedicated to the safety for life and property of its protected citizens from the devastating effects of fire, and recognize the value of proper planning and preparedness before fire strikes; and the members of the fire service are joined by the citizens of this community, and businesses, schools, service clubs and organizations in their fire prevention efforts;

sett, do hereby proclaim the week of October 7-13, 1990 as Fire Prevention Week. This week commemorates the Great Chicago Fire of 1871, in which 250 persons were killed, 100,000 were left homeless, and more than 17,400 buildings were destroyed. I call upon the people of Mattapoisett to participate in activities at home, work and school, and to do as the Fire Prevention Week theme for 1990 suggests, "Make Your Place Firesafe: Hunt for Home Hazards".

Fire Chief Wood explained there will be an Open House for the public at the Fire Station from 1 to 4 p.m. Monday, October 8th. "The public will get a chance to see firsthand the Jaws of Life and other equipment the department uses as well as the fire trucks."

The 1989 Town Report notes the fire department responded to 203 incidents during 1989. There were 28 drills held for the fire department personnel, and all members were certified in CPR. There were 16 school fire drills held in 1989. The department took delivery of a new 1250 gallons per minute pumper in April. The report also notes the fire department was called on to assist other departments and organizations in town on numerous occasions.

In keeping with the fire department's

community assistance, Chief Wood said five members went to Kingston on September 23 to assist authorities in the search for a lost child; they were there for nine hours. They include John Bradley, Lt. John DeCosta, Captain Albert Sylvia, John Connolly and Larry (Tippy) Pauline. All were commended by the Board of Selectmen.

"Captain No-Burn" Ellis displayed the litter bags that will be distributed to the school children with fire safety tips included. She explained that on Tuesday, October 9th, at Center School groups of students will visit the fire station talking with Captain No-Burn. Center School students will hold a poster contest which will be judged and the winners will receive prizes and their posters will be displayed at the October 8th open house.

Also, on October 9th in the afternoon, the students at Old Hammondtown School will participate in a game show with fire department personnel. The classroom answering the most questions correctly will receive a prize.

Fire Department personnel urge all residents to watch for potential fire hazards and to come to the fire station open house on Monday, October 8th, from 1 to 4 p.m.

Fire Dept. Open House

In conjunction with Fire Prevention Week 1990, October 7-13, an Open House will be held at the Mattapoisett Fire Station on Monday, October 8th, from 1 to 4 p.m.

INTO FAMILY EYE CARE

Does a celebrity's name on an eyeglass frame make it a better product?

Not always! More important than the celebrity's name is the company who manufactures the frame. Some celebrities' names are on very inexpensive frames which don't have any warranties and guarantees. A celebrity's name on a frame does not insure you will get a better product. Most times you are paying for a name.

It won't be too scary for the little ones, just filled with unexpected surprises.

A bake table will be packed with delectable goodies that you can buy for dessert and whole pies will be available for purchase to savor over the weekend. There will also be a large banner waiting for children to decorate with good wishes for the soldiers in Saudi Arabia.

Marion St. Jude Bike-a-Thon

"Your child has a terminal illness."

This statement has a tremendous impact to any parent, yet it is unfortunately a reality that many families must deal with in this country.

That is why the upcoming Marion St. Jude Bike-A-Thon scheduled for October 20th is such a vital, worthwhile event for all to become involved with, out of gratitude for the health of our children and their friends, as well as for the children impacted with such terminal illnesses.

It costs $191,000 a day to treat a child at the famous St. Jude Children Hospital. The facility, founded by Danny Thomas, is a non-sectarian, non-discriminatory institute where researchers and physicians work in research, patient care and education to battle catastrophic diseases such as cancer, leukemia, Hodgkin's disease, and sickle-cell anemia. The Hospital obtains most of its funding to continue with its worthwhile

Landfill Getting Ship-Shape

STORY & PHOTOS BY VIRGINIA MORGAN

Everything is shipshape at the Sanitary Landfill, except a 22 foot boat that was left with a hole in its hull last week. The engines were subsequently removed by someone before the huge loader broke it up and buried it. A resident bringing leaves to the new compost pile was heard to remark "the tides are sure running high".

The recycling project started last week by the Board of Health was given a boost to keep the material in place when the Health Board was notified by State Senator Theodore J. Alexio, Jr. that he had found eight "Jersey Barriers" for utilization at the landfill.

Boat left at Landfill, hole in hull, motor removed, crushed and buried. A sad ending for a boat that once skimmed the waters of Mattapoisett and Buzzards Bay.

The Senator wrote that he located the eight barriers that were being used by the State Department of Public Works District 7 on Cape Cod, and were made available for Mattapoisett's use at its landfill.

"These barriers, which have not cost the

Recyclables to Marion, Oct. 27

On October 27th Mattapoisett residents may bring their recyclables to Marion's dump transfer station . (Juice and milk "jugs", clean, flattened, tied together through handles), plastic, glass (separated by color). Let's all pitch in and make these collections worthwhile - we need to.

Watch Presto for time on the 27th of October.

Ideas for Recycling

In an effort to really begin recycling, here are some ideas:

1. Recycle newspapers, glass, plastics, aluminum and metal. NOTE: Tied bundles of newspapers (no paper bags) may be left in a van at Mattapoisett's A&P parking lot on October 13th and 14th from 9 a.m. until 3 p.m.

5. Use both sides of a paper (for lists, notes).
6. Carry groceries home in reusable bags.
7. Recycle motor oil - where it was purchased (with proof of purchase).

9. Avoid using disposable plates, cups, utensils.
10. Use paper bags, not paper towels, to drain cooking grease.
11. Recycle unneeded items - rummage sales, thrift shops, charities.

Congregational Church

MATTAPOISETT

Our Judeo-Christian heritage teaches us to welcome the stranger who comes into our midst. There are many today. They are the new faces in our community, the people who attend worship services for the first time, the foreigners whose pictures in newspapers show an alien culture with which we are not comfortable, and others. God, too, is the stranger among us. In a world that has placed us closer to strangers, we need to be more knowledgeable and more open to these differences. We need also to demonstrate God's hospitality.

"Guess Who's Coming to Worship?" will be the title of the sermon on Sunday, October 7th, at the Mattapoisett Congregational Church, which is World Communion Sunday.

Senior Youth Fellowship will meet at the church on that evening from 6:30 to 8:30.

We are all feeling the results of the state's Budget Crunch but, must our Veterans who served this country be subjected to little or no care?

When asked to serve they went and gave their all. Some gave a limb, some a bit of their sanity, some maimed for life. These were the lucky ones. Others gave the ultimate sacrifice, their life. How is it then that anyone could even think of not caring for those who must have medical attention or a place to live? Have we become so uncaring a country? I don't think so.

We as "FREE AMERICANS" were given the opportunity to elect these officials because our Veterans fought and died to give us this right that we take for granted. I am asking each and every American citizen who appreciated what our Veterans have given to them, to now give a little back. Show our Veterans that you truly are thankful to them by writing to your elected officials and let them know that if they must make cuts in the state budget that they should start with government waste and that you will not stand by and let it be from any Veterans' facility.

You can make a difference. These elected officials are in office because of your vote. Let them know that they work for you and that you support the continued care for the men and women who gave so much to this country.

Wareham Area Counseling

20th ANNIVERSARY

On October 12th the Wareham area Counseling Service will commemorate the 20th anniversary of its social services to the communities of Wareham, Marion, Mattapoisett, Rochester and surrounding areas. This celebration gives the opportunity to honor those persons whose foresight recognized the need for the establishment of a public mental health agency in Wareham.

The Wareham Area Counseling Service (WACS), which began as a telephone service, has grown in 20 years to a professionally staffed non-profit mental health clinic. The many services provided at 215 Sandwich Road in Wareham include family and group counseling, medication and psychiatric consultation, psychological assessment, sexual abuse treatment, educational services, as well as an adult day health program and a Building Blocks program. The latter focuses on services to pregnant and parenting teens and adolescents and their families. WACS

To mark this special occasion, WACS is sponsoring a dinner at Joseph's Restaurant in Mattapoisett on October 12th at 6:30. The guest speaker will be Professor William Damon, chairman and professor of the Education Department at Brown University.

Professor Damon is the author of many books on the subject of child development and the moral development of children. His most recent books are The Moral Child and Child Development Today and Tomorrow. He has published many articles relating to the social perspective and development of children from infancy through adolescence. His research in these areas has led to the award of many grants and election to academic boards.

Professor Damon will speak on the subject of the moral child in contemporary society. Persons wishing to attend the commemorative dinner should call 295-3600. Seating is limited. The cost will be $20.00 per person.

This will be a memorable evening showing support for the Wareham Area Counseling Service and honoring those who started it. It will be an opportunity to learn about children from an expert in the field.

Thursday, October 4th, at 12:30 p.m. in the Recital Hall of the College of Visual and Performing Arts. The free program will feature the works of 18th century composers Felix Mendelssohn-Bartholdy and Franz Schubert. Mr. van Oort will accompany Ms. Folan with a fortepiano, a replica of an 18th century instrument.

Mr. van Oort, a native of The Netherlands, studied modern piano at the Royal Conservatory in The Hague with Gerard van Blerk and in Amsterdam with Jan Wijn. After completing his degree in 1983 he specialized in the fortepiano at the same institute with Stanley Hoogland and received his second degree in 1985. During his studies he performed regularly in Europe as a soloist and as a chamber musician with his ensemble, Musica Classica, performing on period instruments. In 1986 he won both first prize and the special Prize of the Audience in the International Mozart Fortepiano Competition in Brugge, Belgium.

Andrea Folan studied voice with Helen Hodam at Oberlin Conservatory and simultaneously she received her degree in German literature from Oberlin College. Ms. Folan has performed widely as an operatic soprano, as well as in chamber music and song recitals throughout the northeast and in radio broadcasts. She had several leading roles in Oberlin's Opera Theater productions, with the Lancaster Opera Company and the Ithaca Opera. She was a soloist with the Lancaster, Symphony Orchestra. Ms. Folan is on the vocal coaching staff at Cornell University.

SENIOR PROGRAMS

The New Bedford YWCA offers a number of senior programs and services. Members of the public are invited to participate.

The Friendly Visitor program involves people helping people. Volunteers are always needed to make home visits or phone calls to shut-ins. Training is available through a series of meetings called Roundtable discussions. As well, the group has regularly planned social events including monthly get-togethers and special holiday celebrations.

Every Sunday afternoon from 1:30 to 3:30, Line Dancing is held. From beginners to advanced dancers, the groups have the opportunity to exercise, socialize and partake of light refreshments.

The YWCA Gadabouts plan trips to locations and events of interest. Transportation and admissions are included in the low cost group program. Trips are scheduled at least once a month.

The Senior Corner meets each Thursday afternoon from 1 to 3 at the YWCA Standish House. Social and educational programs are planned. Special activities are held during the holiday seasons.

RAY NOBLE 763-3490

MASONRY CONTRACTOR

Drama Critics' Circle Award, the Theatre World Award and the Pulitzer Prize. He followed this very big Broadway debut with an intimate musical comedy, "They're Playing Our Song".

It was after this musical that he decided to pursue another direction with his career - concert performances. Since then he has been performing in concert halls around the world. During his concert he'll surprise you with his sense of humor. Mr. Hamlisch created and developed the very funny "Rent-A-Company" segment of his performance. "A lot of people have terrific titles that would make good songs", says Mr. Hamlisch, "but they don't have a composer around to fit a melody to it. So, I let members of the audience suggest new titles, and I write songs on the spot."

Born in 1944 in New York City, Mr. Hamlisch was raised in a musical household by his father, Max, an accordionist and conductor, and by his mother, Illy. At age 7 he was admitted to the Juilliard School of Music, and graduated cum laude from Queens College in 1967. Today he lives with his wife, Terre, in New York.

The Magic of Lyn is the opening act for Mr. Hamlisch. An illusionist, Lyn incorporates music, choreography, comedy and color to create a high energy magic show.

then, at 4:00 p.m., the group Folkspirit will perform a "Medley of Americana", including military music and songs of the sea. On Thursday morning listen to tips on winterizing gardens, create a potpourri or watch a bird carver in the afternoon.

Begin Friday with a discussion of Antique Automobiles or hear about the Toys of Transportation, then enjoy the sounds of The Cape Cod Surftones Barbership Quartet at 3:00 p.m.

On Saturday, children will enjoy creating a puppet in Pumpkin Pop-ups to be used in a sing-along at the outdoor Concert Green. At 1:00 p.m. listen to the Majestic Bellowphone, a unique musical instrument used in Len's Music and Juggling Revue. Visit the Military Museum and view the arts of the First Americans, while listening to the history of different tribes. Afterwards, create a parfleche, with a friend, to understand a unique art object that was created to carry food for the American Indian.

On Sunday, two performances of the Petticoat Patriot brings the story of a woman who fought in the revolutionary war to life for all audiences. Stories of Americana, for adults only, can be heard in the Military Museum, while a tour of folk art, bird carving and licorice knot tying happens later
